Young Adult Summer Reading Program

Looking for things to keep you occupied during the summer? Well, look no further than the Fountaindale Public Library District. **The Young Adult Summer Reading Program** begins June 6 and ends August 6.

We have tons of great activities planned for you this summer. Registration for all young adult summer reading programs begins on May 27. Call the library for more information on the programs offered this summer and check the Summer Calendar of Events for times and locations.

But what about the actual summer reading program? The young adult summer reading program is based on how many hours you read. Each Hero Note you turn in is worth five hours. Once you have read five hours, fill out the Hero Note and turn it in to the Reader's Services Desk in Bolingbrook, or the Information Services Desk in Romeoville.

On each Hero Note, you pick which prize you want to try to win. Every two weeks there will be a drawing of all the Hero Notes from those weeks for the different prizes. **You have chances to win all summer long!**

Everyone who reads 15 hours this summer gets to pick out a free paperback book. You can enter other drawings to win mall and Borders gift certificates. **So Read!**

Superhero Drawing Contest

Create your very own superhero comic book cover! Submit your original covers you've designed.

Starting on June 6th in both libraries, if you are a young adult. Please submit your cover art for your comic. All comic covers will be displayed, and a vote for the best cover will take place the first week in July. Winners will receive a **$25.00 gift certificate to Graham Cracker Comics**. Planning Ahead

2005 marks the 30th anniversary of the opening of the libraries serving Fountaindale Library District.

With two 30-year old facilities, and a growing population, the Fountaindale Board of Trustees initiated a planning process in 2004. A Citizen's Planning Committee provided input in developing a long range plan for the Library District. The plan was officially adopted by the Board of Trustees in the summer 2004. In the fall of 2004 the consulting service of Library Planning Associates was used to conduct a space needs analysis.

At this time the Board is considering conducting a community needs assessment as well as an in-depth demographic study of the community. The information gained from these two studies will assist the Board in setting plans for the future of library services for the communities of Bolingbrook and Romeoville.

An important aspect of any plans for the future of the library involves community participation and input. The library is an important element of the community and should reflect the needs of the community residents.

30th Anniversary

In recognition of our 30th Anniversary, we invite residents to share their thoughts and memories of their library experiences. Journal books will be available at all of our service desks throughout the Summer. If you wish to share with us through e-mail please visit our website at www.fountaindale.lib.il.us.
